

Criminal Sexual Assault Reported Saturday

A Crawford County female was criminally sexually assaulted Saturday morning in Grayling Township according to a Crawford County Sheriff Dept. report.

A man from Otsego County was arrested in connection with the incident. His name is being held pending arraignment in 83rd District Court.

In other county police news, law enforcement officers are investigating a roll-over accident on Pioneer Road in Beaver Creek Township which occurred sometime around May 14. The driver left the scene and failed to report the accident.

Three Roscommon area persons, Tim Huffman, 25, Mike Dippre, 23, and Annette Sancho, 22, were arrested last week in connection with five breaking and enterings in the Indian Glens subdivision. The investigation by the Crawford County Sheriff Dept. began after an alarm sounded in a cabin. Deputies checking the cabin found the other B & E's and located a suspect vehicle within five hours. The vehicle led to the recovery of more than 95 percent of the stolen property.

Twenty-five breaking and enterings were reported in the county last week.

A 100cc Harley dirt bike was stolen from a travel trailer belonging to Jim Fox at Indian Glens. The black bike was taken on May 13.

Nine B & E's were reported in AuSable Woods. All the dwellings involved were travel trailers.

Dr. Cuthbert is a CMU professor emeritus and an ornithologist, and has been studying the Kirtland's Warbler and Cowbird parasitism since the 1960's.

The annual business meeting of the Kirtland Audubon Chapter will follow.

ARMORY DEDICATION FRIDAY—Dedication ceremonies for the new Grayling National Guard Armory will be held this Friday at 2 p.m. Camp Grayling Commander Ivan Gwilt invites all citizens in the area to attend the dedication and open house.

New Armory Dedicated Friday

Dedication ceremonies for the new \$920,000 armory at Camp Grayling will be held Friday, May 21, at 2 p.m.

A ribbon-cutting and formal dedication ceremony for the Grayling National Guard Armory will start events at 2 p.m. A public open house with tours of the new facility will follow. Several military vehicles and equipment will also be on display in the area.

Attending the ceremonies will be Major General John A. Johnston, Army Adjutant General from Lansing, Brigadier General Arthur N. Phillips, Army Assistant Adjutant General from Lansing, Brigadier General Jerome Mathieu, Commander, Headquarters of the Michigan Army National Guard, and Brigadier General Vernon J. Andrews,

Assistant Div. Commander, 38th Infantry Div. (CYCLONE).

Construction of the armory began on April 6, 1981, and was finished by May 1, 1982. The 25,000-sq.-foot masonry building, built by the Gust Construction Company, will serve as the home of the Grayling units of the Michigan National Guard. The total cost of \$919,918 was paid 75 percent by the federal government and 25 percent by the state.

Colonel Ivan Gwilt, new Commander of Camp Grayling, has issued a cordial invitation to all citizens of Grayling and surrounding communities to attend the armory dedication and open house. He said that "because of the outstanding support given by the community leaders and others in

the area the Grayling National Guard units will now have the kind of facility it needs to attract new members and accelerate its training readiness programs in preparation for state and national emergencies."

The new armory is located near the entrance of the main camp of Camp Grayling. The main camp along Lake Margrethe has headquarters buildings, mess halls, barracks, a dispensary, storage facilities, a fire department, and an ammunition dump. A 45,000-acre south camp contains mortar and small arms ranges. A 75,000-acre north camp contains tank, helicopter, artillery, and air to ground ranges. Camp Grayling has a total of 121,000 acres.

Deep Well Near Weyerhaeuser Looking for Gas

By Jon Thompson

One of the deepest holes in the state drilled 300 yards from the new Weyerhaeuser plant is looking for gas deposits around 11,000 feet below the surface.

C. John Miller, of Miller Brothers, the company drilling, said they could find something within a week.

"But it's hard to tell immediately if the hole will be a winner. It's not like a horse race where you have a clear winner."

The Miller Brothers "B.C.-15" hole is the third deep hole drilled in two years in northern Michigan looking for new gas and oil deposits. Deep holes drilled at Falmouth and Johannesburg created a lot of speculation

about a new gas and oil bonanza for the state.

The hole is going to cost \$1.5 to 2 million to complete—evidence enough, as Mike Miller says, that the company believes something worthwhile is down there or the information obtained from the drilling will lead to a discovery elsewhere.

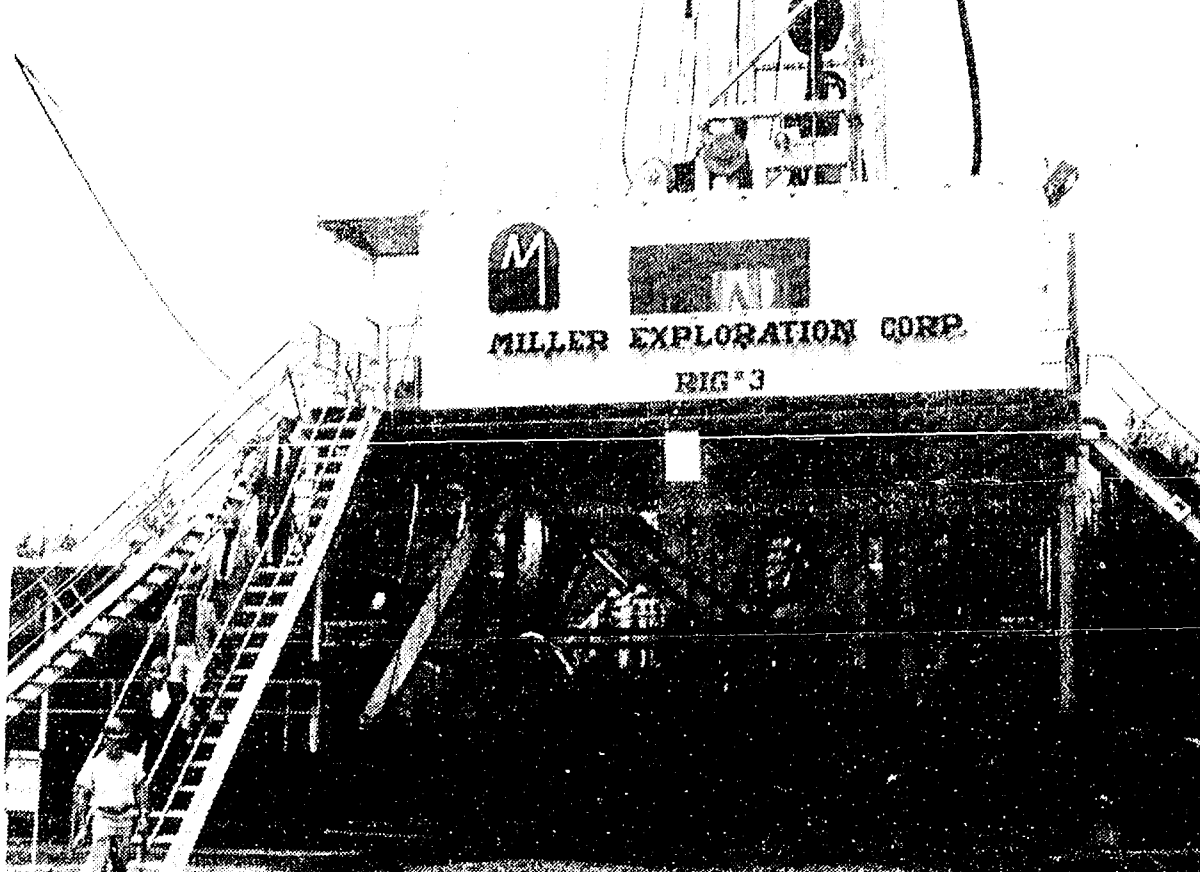

Mike Miller, the son of John C. Miller, says if the hole between Weyerhaeuser and Four Mile Road does hit, production could begin as early as this year. A nearby pipeline will help speed start-up.

He said Millers own leases to 6,100 acres in the area and it's possible they could start up a production field if they find a big deposit.

C. John Miller said a strike at the "B.C.-15" would mean more than just the fuel and jobs produced in that area. He said a discovery could open up the relatively unexplored area.

The huge rig drilling the hole is a modern, mammoth monster. Standing 131 feet tall, it can drill down 20,000 feet. It takes more than 40 trucks to move the beast from site to site, yet they can dismantle it, load it, and leave a site in less than 24 hours.

Miller Brothers, the largest independent driller in Michigan, began drilling at the site in early April. They were between 10,000 and 11,000 feet last Thursday.

DEEP HOLE DRILLING IN CRAWFORD COUNTY—This huge rig owned by Miller Brothers is drilling 11,000 feet down near the Weyerhaeuser plant looking for new gas deposits. Coming down the stairs of the rig are (top to bottom) C. John Miller, one of the owners of Miller Brothers, the largest independent driller in Michigan, Crawford County Commissioners Larry Mattis, Walt Nowak, and Jeannette Kitchen, and Mike Miller, son of C. John Miller. The Millers took all seven of the commissioners on tour of the modern rig following a lunch and information session last Thursday about the drilling.

Survey Gives Schools Bonanza of Ideas

A phone survey conducted by volunteers for the Crawford AuSable schools reaped plenty of suggestions by district voters on how to improve schools.

The question "Suppose you were on the Board of Education—What do you think could be done to improve our schools next year?" prompted more than 150 responses. Many more persons said

they had a lot of ideas but couldn't express them clearly on such short notice.

Superintendent William Diedrich said the suggestions will give the school officials fodder to work on for a long time.

The survey also showed most district voters receive their information about the schools from newspapers. Approximately 325 persons

were randomly called from a voter list of about 2000 persons from the June, 1981, school election. Fifty-four percent or 175 persons said newspapers supplied most of their information about C-A schools.

Twenty-two percent said students supplied the most information and radio/television received ten percent. See Survey on Page 16

Auxiliary Pays Off \$50,000 Hospital Pledge 1 Year Early

\$50,000 PLEDGE PAID OFF—Marge Olver, President of the Mercy Hospital Auxiliary, presents Sister Mary Hilda, R.S.M. President and Chief Executive Officer of Mercy Hospital, with a check for \$9,882.00. It is the final payment of a \$50,000 pledge made in 1978 toward an expansion project.

Hospital Radio-Thon Auction June 26

Mercy Hospital's Fourth Annual Radio-Thon Auction is in the final planning stages. We now have 308 items to auction off.

The auction will be aired over radio stations WGRY and WQON from 9:00 a.m. to 9:00 p.m. on June 26. It will originate from the Northern National Bank Building in Grayling.

A few of the celebrity items we have received so far this year are: a years membership to The Cousteau Society, a tote bag from Elizabeth Taylor, a carnation from Bill Spencer, and two autographed weather maps from Channel 9 News team.

All proceeds from the Radio-Thon Auction will be donated to Mercy Hospital to purchase new medical equipment that will provide improved health care services.

If there were any doubters in 1978 when the Mercy Hospital Auxiliary pledged \$50,000 toward the building fund, all they can do now is stand back and admire the 110-member Auxiliary.

Last Thursday, the Auxiliary paid off the last of the \$50,000 pledge - one year earlier than planned. Auxiliary President Marge Olver said it took a lot of hard work by members to raise the \$50,000.

In paying off the pledge in four years instead of the planned five, the Auxiliary held Tag Day, The Auxiliary Ball, The Silver Tea, St. Patrick's Day Party, Flower Day, and the annual Radio-Thon. And members made gifts and operated the gift shop at the hospital. Last year alone, Auxiliary members spent 7,386 hours manning the gift shop and information desk at the hospital. They spent almost as many hours in fund raising activities and out-service hours.

The Auxiliary since 1962 has also donated about \$30,000 toward purchasing equipment at Mercy Hospital. Their fund raising has allowed the hospital to buy over the last 20 years equipment such as a resuscitator, two coronary-care beds, blood gas analyzer, two pediatric cribs, 14 color television sets, coronary defibrillator, six wheel-chairs, and an infant monitor.

Bess Feldhauser Retires from A & P

Bess Feldhauser

Bess Feldhauser turned last Saturday into a double holiday - she celebrated her 63rd birthday and retired after 35 years with the Grayling A & P.

Feldhauser, a graduate of Frederic High School, plans to spend more time at her farm home in Maple Forest now. She lives there in the summer with her sister and they both spend winters in Grayling.

The 110-acre farm was owned by her parents, Edward and Delia Feldhauser, now deceased. Bess hopes to put in a bigger vegetable and flower garden this summer.

Besides tending to her garden, she said she will probably travel. She enjoys going to the U.P. in the fall and visiting the historical places throughout Michigan.

She joined A & P in 1947 as a cashier and held the position of assistant head cashier before her retirement. A native of Maple Forest, she says she will miss the people she worked with and customers.

Throughout her 35 years

with A & P, she has worked under 9 managers and 8 supervisors. She started at the corner store (when A & P was located at Mac's Drug store) and has watched many events in the stores over the years such as cases of pop dropping on the floor and sounding like an explosion. She said years ago the busiest time at the store was during the day with housewives shopping. Now the busiest time is 5 p.m. and later.

Par For The Course

By Fay Bovee

The Wednesday morning auxiliary started out the golfing season with an almost perfect day, warm and sunshine. Thirty-five of the members came out for a day of fun on May 12, 1982 with newcomer Marie Wiltse taking high game and high putts with no handicap counted. Shirley Bendig came through with low of 47 and Pearl Tucker dropped in only 14 putts.

The longest drive on No. 2 fairway was hit by Evie Kent and the shortest drive on No. 4 fairway was newcomer Florence House. Another newcomer, Clara Shields, had the longest putt to the hole on No. 6 green and closest to the pin on her drive on No. 8 was Nora Fraser.

Golf started with a shotgun start and following play, the women brown-bagged it with the regular luncheon schedule starting May 19. Regular play will also start May 19.

Grayling, Michigan—Thurs., May 20, 1982

From Our Corner ...

No problem in starting our corner this week, though it looks like it's going to be a problem in finishing...

With all the literature in recent years in Keeping America Beautiful, and Keeping Michigan Beautiful...we can't understand why or how come all the trees were cut down at the corner of M-93 and Old 27 just north of Grayling...it looks like a buzz saw went in and practically raped the trees in the area...now that is bad enough...but who ever did it or authorized the cutting haven't had the decency of cleaning up the mess...

Mrs. Luann Crosby brought the above to our attention, and she also mentioned the same thing was going on on Barker Lake Road and Staley Lake Road...

If any of our readers know what is going on, and let us know we will pass the information on...

Keep Michigan Beautiful also applies to northern Michigan...

Talk about being lucky...last Saturday was to be a honey-do afternoon for the ol' fella by mowing the back yard and putting up the screens...seems as how John and Toni and the girls arrived for the day and John took care of our chores for us...we did help a little, very little...they even helped pick some dandelions so our bride can make some wine, which is used for medicinal purposes only...

We received some rain both in the morning and afternoon on Sunday that should help a little bit for the fire danger we have experienced recently...but with our soil in Crawford County we could use a rain every day, and still have some what of a fire danger...sand for soil does not help...

We mentioned in last week's corner we were awaiting the return of the Orioles...this week they returned and it sure is an enjoyment to watch as they go after the oranges...we have often wondered, do they take the juice back to the nest to feed their young?...

We mentioned rain on Sunday above, it didn't amount to a tinkers darn...it is just as dry Monday as it was over the weekend, and when it is dry it is like powder, there is still a no burning warning out, and it will take a lot of rain to ease the fire danger...so, do be careful while you're in the woods, and even around town...

The Leprechaun just left, and as usual he took up about an hour of our time Monday evening so that we have to hurry now if we're going to get in the back yard with the Orioles...it has tried to rain ever since about 3:30 with no results...our bride was planning on going around at her favorite spot in the summer...we doubt if the threat of rain stopped her...

For those who may be interested there is planned the dedication and open house to the public of the new armory at Camp Grayling...the installation cost was \$920,000 and will be used for training and other activities for the community if they wish...more on this appears on page one...

Time and energy has ran out of the ol' fella for this week...still time to catch the back yard before darkness sets in...so we will say goodnight to T.J., Stef and Amber...and to all of our readers have a nice weekend, summer has arrived...

A business change last week saw our local bakery sold by Peter Lovely to Mr. Charles V. Melichar of Traverse City. Mr. Lovely purchased the business from A.R. Craig rather than to see the place become closed. Since that time it was operated by his nephew, Floyd Lovely, and got along very nicely. But it was Mr. Lovely's desire that the business soon be taken over by a baker of experience and ability. Mr. Melichar has operated a bakery in

Traverse City for 27 years, starting in to learn the business while a small boy in school.

The Bible Speaks

From Calvary Baptist Church

Does the Bible
Forbid Divorce?
Romans 7:1-6

Chapters 6 through 8 of Romans deal with our sanctification. Chapter 7 deals with false concepts of sanctification. Since many religions use these first 6 verses as proof scripture to reject any idea of a valid divorce, we shall deal with that interpretation of this scripture before we present the truth in context.

First, the contest deals with our relationship to the law in sanctification. The analogy of a husband and wife relationship is used to illustrate our normal subjection to the power of the law for as long as we live. It is certain that those who heard this scripture in Rome knew it did not deal with divorce.

These who originally received this scripture knew what God's law taught concerning divorce. "For I speak to them that know the law." Romans 7:1. The law of God concerning divorce is as follows: "When a man hath taken a wife, and married her, and it come to pass that she find no favour in his eyes, because he hath found some uncleanness in her: then let him write her a bill of divorcement, and give it in her hand, and send her out of his house." Deuteronomy 24:1. There is no question that God's law taught that marriage could be broken under the law by divorce as well as death.

The law not only made provision for divorce, but also remarriage of the divorced person. "And when she is departed out of his house, she may go and be another man's wife." Even the guilty party is free to

remarry after a divorce according to God's law. Divorce is a form of premature death between two people.

The divorce makes impossible any future restoration of that marriage. "And if the latter husband hate her, and write her a bill of divorcement, and giveth it in her hand, and sendeth her out of his house; or if the latter husband die, which took her to be his wife; Her former husband, which sent her away, may not take her again to be his wife, after that she is defiled; for that is abomination before the Lord; and thou shalt not cause the land to sin, which the Lord thy God giveth thee for an inheritance." Deuteronomy 24:3, 4. Scriptural divorce is just as permanent as death in the breaking of a marriage.

The Bible only recognizes one valid basis for divorce, sex outside of marriage. Jesus said, "Whosoever shall put away his wife, saving for the cause of fornication, causeth her to commit adultery: and whosoever shall marry her that is divorced committeth adultery." Matthew 5:32. The laws of Michigan may claim no-fault-divorce, but God does not recognize such divorce as valid. Divorce is impossible before God without sexual unfaithfulness. (adv.)

Your Responsibility As a Patient

Gail Edwards, Home Economist

Health care consumers are concerned about their rights and want to be sure they are treated fairly. But consumers also need to think about their responsibilities.

Dr. Roy Gerard, M.D. of the Michigan State University College of Human Medicine says the consumer has the responsibility to ask questions of his or her physician, just as the physician has the responsibility to provide the patient with all the information he or she can.

Some physicians, says Dr. Gerard, give patients a brochure or pamphlet listing their services and explaining their hours and functions. If your doctor does not provide you with information in a brochure form, you can ask questions of your doctor or his/her staff that will make your interactions more efficient and less frustrating.

Determine what hours the doctor is available at the office. Patients sometimes do not realize that doctors need to keep hospital hours or that they schedule surgery on certain days.

Find out how and when to call your doctor with questions. Do not be reluctant to explain your question to the nurse. Very often the nurse or receptionist can help you get a quick answer.

Ask how you can reach the doctor in case of an emergency after office hours.

Find out what the office policy is regarding cancellation of appointments.

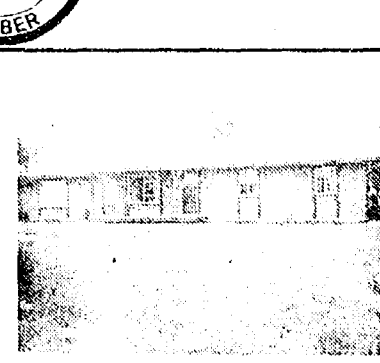

When a medication is prescribed, be sure to ask about any possible side effects or interactions with food or other drugs. Take the medication according to directions. Do not discontinue taking it without checking with your doctor.

You can also help improve the quality of your care by keeping a record of things that happen between appointments, such as possible side effects of prescribed treatments.

Levin's Aide
Here May 25

Kathy Pelleran, U.S. Senator Carl Levin's aide, will be in Grayling May 25 from 2-3 p.m. at the Crawford County Courthouse. Area residents with problems involving a federal agency or anyone wishing to make their views known are invited to stop by.

Dear Editor,
I recognize that by speaking out on school millage issues, at this time, I run the risk of displeasing the school officials, and Board of Education. But I would rather stand alone, speaking as honestly as I can, than join in a "No-Waves" silence that embarrasses the freedom to express FREE SPEECH.

I understand the Michigan Assessment Panel is asking for a 10.4% (equalization factor) hike for the tax year of 1983.

State Law requires communities to come as close as possible to 50% of true market value in their property assessments.

What this is leading to is that IF we the people PASS the renewal for the school millage for three years, we will be LOCKED IN at 16.9 mills at a time when our property assessments will be raised giving our schools more money automatically when they may be able to LOWER their required mills another mill or two off our taxes.

Please think about it before you vote...VOTE NO on a Three Year Proposal...VOTE YES on 16.9 mills.

Thank you,
Wilfred Herluf Moshier

Former Resident
Appointed V-P.

Crawford-AuSable School District
c/o Dr. William Diedrich
Superintendent of Schools
1135 N. Old US 27
Grayling, MI 49738

To the School Board, Students, and Community Members of the Crawford-AuSable School District:

It has been brought to our attention that the support for public education in your community has declined to a dangerous level. H.G. Wells once said that "civilization is a race between education and catastrophe." It appears that in the Crawford-AuSable area, this race is being lost.

We believe that a citizen who fails to support his or

her school system has no pride in their community, their country, or the future of American democracy.

As students, we realize that the Grayling High School Student Council must have your respect. If the school & the community are to prosper & produce responsible citizens, the actions of the Council must be supported.

We suggest the following reforms:

1. Let the students elect a student representative to the School Board. This has proven to enhance the educational atmosphere and increase communication between students and administrators.

2. Support the ideas for projects and activities of the Student Council.

3. Allow for student input in all policy changes.

4. Support millage elections. It's an investment in the future.

If these actions are taken by the School Board and supported by the community, the educational process within the Crawford-AuSable schools will be greatly improved.

We, as fellow students, support the efforts of the Grayling High School Student Council. You, as parents, relatives, and community members, are obligated to support and assist the Student Council with all your effort and resources.

Representatives of the North Central Michigan Leadership Conference: Student Councils and National Honor Societies of the Cadillac, Fairview Area, Houghton Lake Community, Mt. Pleasant, and Roscommon School Districts.

Court Challenge Expected Over Legislative Reapportionment

Warren M. Hoyt, Executive Director, MPA

Democratic members of the Legislature are expected to file a suit in federal courts to challenge the legislative reapportionment plan developed as a result of guidelines established by the state Supreme Court.

The suit is expected to be filed in the U.S. District Court in Flint after negotiations broke down between Senate democrats and Republicans over a bipartisan plan.

The state Supreme Court is expected to approve a plan written by former state elections director Bernard Apol who developed the plan under guidelines of the court.

The Apol plan was developed without regard to any incumbents thus making members of the current Legislature unhappy that some incumbents will face others as their residences now fall within the newly drawn districts.

Negotiations broke down in the Senate as Republicans declared they could not support the proposed bipartisan plan.

Senate Minority Leader Robert VanderLaan of Kentwood said his caucus was not too anxious to pass another plan over the Supreme Court-directed Apol plan as it would give the court a mixed signal.

He said the bipartisan plan gives Republicans no more than 13 sure districts and not the 17-17 split with 4 swing districts as suggested by Senate Majority Leader William Faust of Westland.

The Apol plan, meanwhile, has a definite Republican flavor and could swing the majority in the Senate back to the Republicans and narrow the gap of the Democratic majority in the House.

Faust said he would file a suit

against the Apol plan and would expect similar suits from House Speaker Bobby Crim of Davison, Detroit Mayor Coleman Young and the Democratic party itself.

He said he would file the suit as soon as the Supreme Court takes any action on the Apol plan.

The majority leader further said his suit would be based on equal protection, the one-man, one-vote concept, weakening in black districts and incumbents not being considered when drawing the new districts.

Crim, meanwhile, indicated that a plan approved on a 67-37 vote would still be presented to the Supreme Court as a measure that had bipartisan support and met the court's guidelines on reapportionment.

House Minority Leader William Bryant of Grosse Pointe said, however, his vote for the proposal should not be considered his "consent" to have the House plan installed instead of the Apol proposal.

Bryant said the plan drafted by Apol would give Republicans a better chance of winning a legislative majority, but warned it could cause greater legal problems with its large population deviations of more than 15 percent.

Reapportionment follows the results of the every 10-year census count. It reflects shifts in population both in and out of the state.

As a result of a declining population, Michigan will lose one of its current 19-member congressional delegations.

The congressional reapportionment plan, earlier readied by the state Legislature, is also being finalized in the courts.

Godbold's Legacy Recognized at COOR

By Gayle Saxton

Education for the handicapped has come a long way in the past 20 years. Prior to that time, parents of the handicapped had virtually no way to turn other than to the general education programs of the schools.

A Houghton Lake educator, the late Basil Godbold, C.O.O.R. Intermediate School Superintendent at its inception in 1965, long had had an empathy for the less fortunate. Godbold was ahead of the times in the field of special education, for he had programs going for the handicapped prior to Michigan's Mandatory Special Education Act (Public Act 198) of 1971. Later, Congress enacted Public Act 94-142, "The Education For All Handicapped Children Act of 1975. Congress designed the act to "insure that all handicapped children have available to them a free appropriate public education, which includes special education and related services to meet their unique needs."

Public Act 94-142 decrees that the state must provide a free appropriate Public Education to all eligible handicapped individuals between the ages of 0 and 26.

As early as 1967, Godbold was working with state and federal agencies in establishing a committee resolved to continue efforts to define the need for facilities for the handicapped. Early in his administration as the COOR Intermediate School District Superintendent, Godbold set up the "Little Red School" in Ogemaw Township, with programs of training and day care for retarded children. Harcourt School near West Branch and other similar facilities followed, all being designed specifically for retarded children. At that time there were at least 780 retarded persons in the four-county area, i.e., Crawford, Oscoda, Ogemaw, and Roscommon.

In June, 1968, C.O.O.R. was one of the forerunners in special education services, with 290 children receiving speech therapy, 89 working with school social personnel, and another 100 had been identified as needing such services. Godbold continued his push for additional special education services, i.e., diagnostic evaluation, homebound tutoring, classrooms for the hard of hearing, the slow learner, visually impaired, and the mentally handicapped.

Today COOR services approximately 885 handicapped students as it assists Roscommon, Houghton

The Roof Leaks

The Crawford County Historical Museum is in need of new roofing. This is a project that has to be taken care of as soon as possible. It would be a serious mistake to let this defect go any longer. There are many valuable artifacts, carpeting and pictures that could easily be ruined by a severe rain storm.

Several pieces of shingles blew off this past winter causing leaks. They have been temporarily replaced.

At this time I am appealing to our wonderful supporters of the museum to renew your memberships and any new membership will help a great deal.

If I remember correctly I mentioned about three years ago that a new roofing job was needed. We have been lucky up to the present time. This is a big expense added on to the other expenses such as insurance, electricity, gas and telephone to operate your Crawford County Historical Museum.

We plan to open your Crawford County Historical Museum on Friday, May 28th. With the help of the wonderful volunteers scheduled by the R.S.V.P. office your museum will be open each day for the summer.

If one of the historical society board members contact you for a membership, PLEASE HELP.

I plan to contact as many people as my spare time will allow.

Plan to visit your museum when we open and see the wonderful Multiplex Display Fixture that has been given to your Crawford County Historical Museum. It is a beauty and will add greatly to our display space. More about this later.

The following people are members of the advisory board for your Crawford County Historical Museum: Mr. and Mrs. LeRoy Akers, Ruth Caid, Margaret Douglas, Helen Feldhauser, Louise Feldhauser, Betty Millikin, Mary Harland, Jackie Ruddy and Elmer L. Fenton.

See you at the museum!
Elmer L. Fenton

Onaway Stops Vikings 5-3

Onaway, behind the 12-strikeout pitching of Steve Larson, turned back the Grayling varsity baseball team last week 5-3.

Onaway combined two walks with a key double to bring home four runs in the second inning to take the lead for good.

Grayling opened the scoring when David Burr walked, Jamie Radebaugh doubled, and Monte D'Amour singled Burr home. Radebaugh and D'Amour were stranded in the first inning after Burr scored.

Grayling got two back in the fifth when Mike Hickey, Burr, and Radebaugh put together three singles. Radebaugh drove in Hickey and Burr scored on a sacrifice fly by Brad Trenary.

Monte D'Amour was the losing pitcher giving up four runs in 5 and two-thirds inning. Brad Trenary took over for an inning and a third giving up a home run shot in the seventh.

Grayling takes on Petoskey Thursday and challenges Roscommon in a predistrict game, the beginning of state tournaments, Saturday.

Hospital News

The following were among those admitted to Mercy Hospital during the past week: Terri Rankin, Lillian Bretzloff, and Stella Johnson all of Grayling; Evelyn LaBean and Mary Eckerly both of Roscommon.

Grayling, MI 49738

Dear Editor,
Lovells Township of Crawford County has just finished conducting an election which in essence franchises the Northern Michigan Electric Company to conduct business in Lovells Township.

Lovells enjoyed a turnout of 36 voters for this election. The direct and hidden costs for such an election exceeds \$1,000.00 and ultimately must be absorbed by the consumer, which in reality is a form of taxation, since this law is mandated by the State.

The fault here lies neither with Lovells Township nor with the electric company. The fault however lies in Lansing with the Governor, the Senators, and the Representatives who blindly are unaware of obsolete and ridiculous laws which presently exist as they hastily search for new reasons or methods to further tax an already over-taxed society.

I herewith express my complaint and hereby forward copies of this letter to the following:

William G. Milliken, Governor; Mitch Irwin, State Senator; Ralph Ostling, State Representative; Michigan Public Service Commission; Northern Michigan Electric Co.; Frank Kelly, Attorney General

Sincerely,
Walter C. Leibold
Lovells Township Trustee
P.S. I'd be willing to bet odds that when the present franchise expires, history will repeat itself.

BOYS STATE—High School counselor Bill Klinger, left, is shown with this year's selections to attend Boys State June 16-23 at MSU. Second from left, Todd Riley, middle, Brad Emerick, George Morse, and alternate Lance Waters. The Legion post, Kiwanis, and Rotary each are sponsoring one of the juniors.

CARD OF THANKS

The family of Virginia Sewell wishes to thank Dr. Cousineau and staff, the staff of Otsego Memorial Hospital and our many relatives and friends for the concerned care given to Virginia during her long illness. We also wish to thank those who offered their sympathy and condolence during our recent bereavement. A special thanks to the directors and staff of the Nelson Funeral Home for their many acts of kindness and consideration, and for the very professional way in which they conducted the service.

CARD OF THANKS

I would like to thank Dr. Rosi and nurses for their care, to Rev. George Spencer, relatives and friends for their prayers, cards, and gifts while I was in the hospital. Last but not least for the good food sent in, it was a big help.

Love to all,
Doris Souders

TRIM Proposal Correction

In last week's story about the Crawford County Taxpayers Association supporting the TRIM proposal, it was stated the proposal will guarantee each school district \$1800 per pupil. The article then said districts can impose a local income tax if more revenues are wanted. Taxpayers will have a vote on whether or not more revenues are desired, it should be pointed out. In other words, taxpayers will have to approve of an added local income tax.

Country Club May Day Party

The Grayling Country Club opened their summer season with a May Day Gala on Saturday evening, May 1, 1982, with about 70 members enjoying an evening of dinner and dancing.

A delicious chicken dinner, which was complete with cream pie dessert, was catered by Jim Bourrie and his staff. Dinner music was provided by Tina Kennedy at the organ and following the meal, she played for dancing.

The Gala started with a cocktail hour and the clubhouse was decorated in a motif befitting May Day. The focal point was a May Pole with the tables centered out from it with pastel streamers. Fresh flowers and May baskets completed the spring scene. The party was a great success, thanks to the committee in charge, Vern and Edie Blaha, Bob and June Schwarz, Ken and Mabel Gothro and Melvin and Ruth Nielson.

RSVP Reports

Welcome to news of the Retired Senior Volunteer Program. The 9th Annual RSVP Recognition Dinner was held at the Holiday Inn, Friday, May 7, 1982. 170 volunteers, their guests, and special guests attended. Members of the RSVP Advisory Council also attended as well as members of the Crawford County Commission on Aging, RSVP Station Supervisors and Grayling city officials. The Invocation was provided by Jay Doty, and greeting the volunteers was Elmer Fenton.

Mr. Wendell Hoover presented RSVP with a generous contribution to the program from the Hartwick Pines Naturalist Assoc. In his remarks, he praised the senior volunteers for their excellent work and devotion to duty and stressed the importance of their work as emissaries of the Hartwick Pines and Crawford County in their service positions of the Book Nook at Hartwick Pines.

Lora Gould, Exec. Director of the Crawford Co. Commission on Aging introduced State Rep. Ralph Ostling as the guest speaker. He stated his feelings that volunteerism could be part of the answer to continuing community services in the days of less government control over community programs. He expressed his views that citizens are beginning to feel that the problems of big government are being caused by government itself and that we all must work together to solve these problems.

After Representative Ostling's remarks, Mr. William Commons, Chairperson of the RSVP Advisory Council, presented the Carnation Community Service Award to the Crawford Co. Chapter of the American Red Cross. Accepting the award for the Chairperson, Mr. Harrison Goodhue, who was unable to attend, was Vice-Chairperson, George Pamerleau and his wife Elizabeth.

Barbara Selesky, Administrator for Timberview Village, presented a certificate of appreciation plaque to RSVP for, "helping us to make a contribution to living".

The program continued with the presentation of the first year certificates and pins and award seals to volunteers present with two to nine years of service to the community.

In my message to the volunteers, I told them because of them, 25,458 service hours were provided to the community. These were services that would not have been provided had they not given of themselves and their time.

Remember, May 20th, Hartwick Pines planning meeting at 3 p.m. in the RSVP office. Historical Museum opens May 28. Let us know when you'd like to work. 348-4341 or 348-8322.

Also, be sure and get your May hours in as soon as possible. You can call the office with your hours, then turn in your signed report form later. Our grant year ends and we must close our books by May 28, 1982.

4-H Leader Dogs Going to Cherryland Mall

by Sue Louchart

The Crawford County 4-H Leader Dog Club with the Kalkaska Blind Faith 4-H Leader Dog Club will be at the Cherryland Mall in Traverse City the afternoon of May 22nd. The two clubs will be putting on a presentation "A Day in the Life of a Leader Dog Puppy" during the intermission of the 4-H Fashion Show.

The two clubs have been meeting with each other to get ready for the big event. Last week the Grayling Club was host for a walk through the downtown area with all the members and dogs. Mrs. Ben Hillard brought over her daughter Kelly and her dog Tanner, Neil and his dog Rebel and Carlen and her dog Cubby.

The two new members of the Grayling Club—Jim Kolka's Barney and Todd Peterson's Duke also joined the rest of the members on the training session. A good time was had by all and the Grayling 4-H'ers are looking forward to the trip to Kalkaska with their dogs next week.

Nancy Hatfield the 4-H Club leader and her assistant leader Pam Cowie accompanied by their leader dog puppies Charlie and Benjie attended a Leader Dog Workshop at Kettunen Center. All found the Workshop very interesting.

The local group has been asked to bring their puppies over to the Roscommon County Fair and up to the Alpine Festival Parade to walk in front of the Leader Dog float by Mr. Juday. Sounds like a busy summer for the local 4-H Leader Dog and their puppies.

Our Heartfelt Thanks

To Doctor Langdon for letting us have two more weeks with our mother & grandma. Dr. Burkley for the care he has given her for almost nine years. The sweet nurses in C.C.U. and all the other nurses and sisters at Mercy Hospital, last but not least a special thanks to our family & friends for all their prayers and cards in our time of sorrow.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

With the winter season dawdling along like it is, we are due for an explosion of wildflowers. Seeds and rootstocks have lain dormant since last fall and should come forth at their appointed times and places. The earliest will be the lowly dandelion which, for those who like uniform green lawns, is an exasperating bother. The new herbicides will eliminate this year's crop, but new crops are sown by the wind each year from untreated territory.

The dandelion is a native of Europe but is thoroughly established in North American lawns and waste places. The all-yellow flower is as bright as nature can produce. All the individual straps of the blossom have ends which are notched and all have stamens and pistils. One would think pollination would be affected by insects or by the flower itself, but the pollen is sterile and there is no true pollination or fertilization. As a result, the plant can produce seeds that germinate without trouble.

Flowering and fruiting times are the same, being year-round in some sections of the Country. I have one source which states the plant is cultivated for use in the prescription drug industry, but the drug is not named. The leaves make an excellent potherb and the blossoms a most satisfactory wine, so perhaps this alien isn't so bad after all.

Strolling Around Town

Remember! Saturday morning, May 22, is Clean-Up Day in Grayling. Report downtown at 7:00 if you wish to help. Let's have a great turnout! Coffee and donuts are being furnished by Jim Bourrie at the end of the clean-up.

Many new things have come to Grayling this past winter, one of which is the Cobble Creek apartment complex on the South Side just off the north side of Madsen Street. It has been nicely landscaped. Herluf Moshier has built a new garage at the Elna Mae

Moshier home. Another new house appeared on street back of the Harland's and there has been much remodeling at the older home on Michigan across from Harlands. They also kept their walk shoveled off all winter. The former Bill Denton home on Michigan and Park has been completely resided with an attractive green siding.

On the corner of the Business Loop and State Street the George Fenton gas station has been completely redone on the exterior. It makes a very attractive corner as you approach the business district. Well done!

CONSTANT COMPANIONS

"Those three are always together," remarked Lisa's mother. She was referring to her little daughter, who is seldom seen without her beloved collie and her well-worn rag doll. They are constant companions.

"Lisa is very sensitive about friends," her mother continued. "And this week she came home from Sunday School with a very important lesson. Her teacher told her about God's love and how He never leaves us. Lisa came skipping into the house and announced, 'Now I have three good friends and the best one of all is Jesus.'"

Little Lisa had indeed learned a wonderful truth. All of us need to discover it for our own lives. For every life needs the companionship of God. Let your church bring this hope and promise to you.

EXPERIENCE

THE JOY OF

RELIGION

RIDING FOR LIFE!—Last week Larry Akers and Ernie Balch came to the school. They talked to us about the bike-a-thon to help the doctors at St. Jude Children's Research Hospital. The bike-a-thon will be held on May 15, 1982, from 10:00 a.m. until 2:00 p.m. The man who founded the hospital was Danny Thomas. If you have children born with disease you can take them to St. Jude with no cost at all.

Top left, Larry Akers, middle, Amy Valdick, Rick Curtis, and right, Ernie Balch. By Dusty Smith and Brigid Jones, 5th grade.

ARBOR DAY PROGRAM—Mr. Spangler came to the Grayling Elementary School to tell the fourth grade how to care for a tree and how to plant a tree. He also told us about the budworm which is an enemy of the jackpine. The fourth grade classes planted a white pine and a spruce tree in the front yard of our school. He gave each student a red pine to plant at home. In the picture is Sandy Bowman and Lonnie Davis. Written by Richard Barkway and Jill Clark, 4th grade

MARINE SAFETY PROGRAM—On Friday, April 30, 1982, we had a film in Junior Deputy. It was about water safety. The film showed people drowning, a boat explosion, and careless people around water and boats. In the picture is Mr. Goss, Bev Baker, and Karl Mead. By Chris DeHart and Dawn Bouse, 4th grade.

The program will run for ten weeks, and will have various types of recreational activities, workshops, field trips, and even two over-night camping trips.

We would like to take this opportunity to invite you to come and participate in our program; for there will be fun for everyone!

A complete schedule will be appearing in the Crawford County Avalanche on June 3rd, 1982. Once this schedule appears in the paper you may come into the Youth Service Bureau to sign your children up. Parents must come in to sign a permission form for their children and select the activities they wish to participate in. They will be selected on a first come first serve basis.

Hope to see you this summer!
